

S/N 09/803,044  
Art Unit 1641

- 3 -

**REMARKS:**

The applicants noted an error in the above-referenced paragraph which said "alkenes of aldehydes", whereas clearly alkenes or aldehydes was intended. However, since aldehydes no longer form part of the invention as claimed, the reference to aldehydes has been deleted here and a passage has been added consistent with claim 7 to state that suitable alkenes include 1-decene, ethyl undecylenate and 1,7 octadiene. No new matter has been added since such compounds were expressly mentioned in originally filed claim 6.

Respectfully submitted,
